THE RAINBOWS ARE BEAUTIFUL SO... MUCH  
WE LOVE OF THEM, WE LOVE OF THEM  
THEY HAVE SO... BEAUTIFUL COLOURS INSIDE  
RED...ORANGE...YELLOW...GREEN...  
BLUE...INDIGO...&...VIOLET  
I LOVE THE RAINBOW SO....MUCH  
AND

IN THE RAINY SEASON  
THE RAINBOW COMES IN THE SKY  
WITH CLOUDS AT START AND AT THE END...

I CAN EAT THE RAINBOW  
YESS I CAN EAT THE RAINBOW  
I CAN EAT THE APPLE  
I CAN EAT THE ORANGE  
I CAN EAT THE BANANA  
I CAN EAT THE LADY FINGERS TOO...  
AND I CAN EAT THE BLUE BERRIES  
I CAN EAT THE INSIDE OF BLUEBERRIES  
IT IS DARK BLUE IN COLOUR TOO...

I CAN EAT THE RAINBOW  
YES I CAN EAT THE RAINBOW  
YOU CAN EAT THE RAINBOW TOO....  
VIOLET BERRIES TASTE VERY TASTY  
WE LOVE OF THEM, WE LOVE OF THEM

# If cars were alive

**If Cars were alive**

**They would have Talked, walked and played with me  
If I asked them to draw Flowers and Sun with Heavy Rain clouds  
They would always draw a Power Car with the Scenery around**

**If Cars were alive**

**They would have chatted with me,  
They would have said, you are so nice and we are your friends!  
And I would have said, I like you too!**

**If Cars were alive**

**The Sedans teased the Hatchbacks, that they are sleek and Modern  
Hatchbacks told that they are small and like a Cuppy-cake**

**If Cars were alive**

**They would have invited me for a snack party  
And served me the Petrol, Diesel and CNG**

**If Cars were alive**

**They would have played with me  
Football, Basketball and Rugby**

**If Cars were alive**

**They would have beeped while I sleep  
They would have flashed lights with shiny make-up  
We would have danced together and Enjoyed**

**If Cars were alive**

# I am lucky to be an *Indian*

I am lucky to be an Indian  
Where there is no harm  
Where we all care and share  
Where truth and prosperity are there  
The Indian flag, three colours,  
Saffron, white, green and blue chakra  
These all make my Tiranga  
And I like the Tiranga most!  
I am lucky to be an Indian  
As we are the ones with  
Nice heritage, culture, Weather  
And a lot of “Variety of foods”  
I am lucky to be an Indian  
Where there are brave fighters,  
Fighters like Gandhiji, Lokmanya Tilak  
And many more others  
Fought for our Country  
I am lucky to be born in this  
Courageous and cultured Country,  
Oh God! Thank you so much  
That you sent me on this  
Good Valued Country.

# ***Rise and Shine***

**“Rise and Shine!”, “Rise and Shine!”**

**Wakie Wakie wake up, Wake up my child!**

**The Sun is rising, The Trees are dancing,  
The Animals are Eating, The Farmers are going for the Farming  
Wakie Wakie wake up, Wake up my child!**

**The fishes are swimming, the birds are singing,  
The children are coming out to play in the Happy Sunshine  
Wakie Wakie wake up, Wake up my child!**

**Oh! The wind is blowing hard. And it’s going to rain today!  
The dark clouds are playing Hide-and-seek with the Sun**

**So wake up, go out,  
To see the Beautiful “Rainbow” as it’s coming out!  
Go out and get yourself “Coloured”!**

**Wakie Wakie wake up, Wake up my child!  
Wake up my child! Wake up my child!**

# Egypt

Egypt, oh what a country are you  
Even I like you  
Pyramids, mummies, and treasure  
Your sight gives me such pleasure  
You lie in the continent of Africa  
Still your fame is spread around  
Will we ever go round and round in your special playground  
Nile River shows its beauty  
While your soldiers do their duty  
Your bow and arrow is the most famous weapon  
When the mummy souls rise up to heaven  
Osiris, Cheops and Anubis  
All are gods now what is this?  
The sphinx ready to give answers  
You have such beautiful dancers  
Now is the time to get back home  
And bid goodbye to your favourite zone!

# When the World is...

When the world is,  
In a swirl.  
Time to take action,  
For the turn.

Come lets speak up together,  
That when our world will be  
like....  
Full of greenhouses and  
beauty  
No Pollution , Just Freshness  
No wastage of water or food

When our world will be like  
Correct lifestyle and  
medication  
Will even get a good  
education  
For every disease, there will  
be a correct medication  
release  
With all the healthy people  
around the world

Great Soldiers will stand  
bravely at India's fence  
When all the others will be  
happy at their place  
So clap for their bravery,  
Air Force, Military and Navy  
For they're serving us and for  
the country

Our World will be like this....  
So get started,  
And don't lose hope  
Because you are the  
powerhouses

So come on with me ,  
To save the World.  
Because , this is my Destiny  
To come and never stop  
Saving the World.

# It's the happiest day in the bay!

It's the happiest day on the bay .  
When all your friends come to play!  
The joyous waves of the seashore,  
Splash!! You with happiness!!  
And the coconuts falling from trees,  
Have a lot of sweet water in them, Oh!  
Along with the shells of some hermit crabs.  
Let's take all our bags,  
Have some picnics on the sand.  
Now that we are speaking of sand.  
Let's make some sand castles,  
Without making any hussles.  
Do have fun in the beach  
But don't forget to go home and stop with a  
screech!!

# Space Is a Wonder!

I wish if I were an astronaut  
Who would fly into space, deeply!  
I think space is the most beautiful place,  
With the moons, planets and its beauty  
Explore the stars, explore the solar systems.

When they're shining with glee!  
So let's go right now to explore the universe!

Only you and me!

Let's go, explore the universe  
With the planets and the stars too!  
The galaxies, the stars and dark matter  
Along with the planets coated with glue,  
So let's go right now to explore the universe!

Only you and me!

Galaxies shining with Glitter,  
Look the heavens to me,

I wish I were an astronaut, who would reach up to the sky  
Which would fulfil all my wishes!

# Situation

When you're stuck up in some situation  
For which you don't have any punctuation.

Let's just go by the wind.

Don't lose hope , just go with the flow, oh!

All that you need is faith in your god.

The magic flows, Oh!

Just be calm and adventurous too

We are in it.

We're it.

Think of love and think of glee!

Don't forget to yourself be!

Do be out of anger and be good

For all you are getting good food.

Think of all your surroundings

Because your life is in bendings.

It has many beautiful turns

While some animals graze on ferns.

So be strong , so be brave

On the life parade

This time we have to face it hardly

But we will soon calm down.

And remember to never look down

So be calm and make sure to be you!

# STORIES

## Goody Vowels and Baddy Consonants

Once upon a time there was a Village. It was a Clean Village. There was Sea, Rainbows and all Houses, Surroundings and everything was clean. There was one House in that Village, where Vowels and Consonants lived.

They were good but Consonants were always used to Tease the Vowels. We are so many in No. s and You are very Few Nya-Na-Na-Nya-Na!!!

At first "H" started teasing the Vowel. Then each day all the Consonants started chasing and chasing the Vowels one by one.

The Letter "A" from Vowel got very angry with the Consonants.

Then the Vowels and Consonants wanted to Go to America. After that there was a No. "1", who was a Police. The Police No. "1" had a Points checker Machine.

He started checking Consonants Points for going to America.

The Consonants put their hand in the Machine and the Machine showed "ZERO".

The points were ZERO. NO points for them.

After Consonants, there was Vowels' turn. Vowels also put their hands in the Machine and the points grew up-to the "Last No. ".

Then the Police No. "1" said to Vowel, you can straight go to America right now.

Vowels went to America and Consonants were still there and said to Police No. "1", we are sorry Sir, please do not take us to Jail. Police No. "1" said, No sorry for you and put them into Jail, for 100s and 1000s of years.

Moral : Don't tease others, otherwise you will be treated badly.

## The Boat and the Rocket ride

Once upon a time there lived two Robots.

One was Blorobby and Pinkerton. They were going to a Mars Planet Trip.

They Decided to go -- on a Boat -- How Silly !!--  
They tried but couldn't go.

Then they Thought that they need a Rocket to go on Planet Mars. They both Gathered *Coins and Points*  
We need *Coins and Good Value Points* to go on a Rocket trip.

Just then a Rocket Ship Came. They sat quickly on their seats and suddenly the rocket began to talk.

It said 10-9-8-7-6-5-4-3-2-1-0 Blast Off!

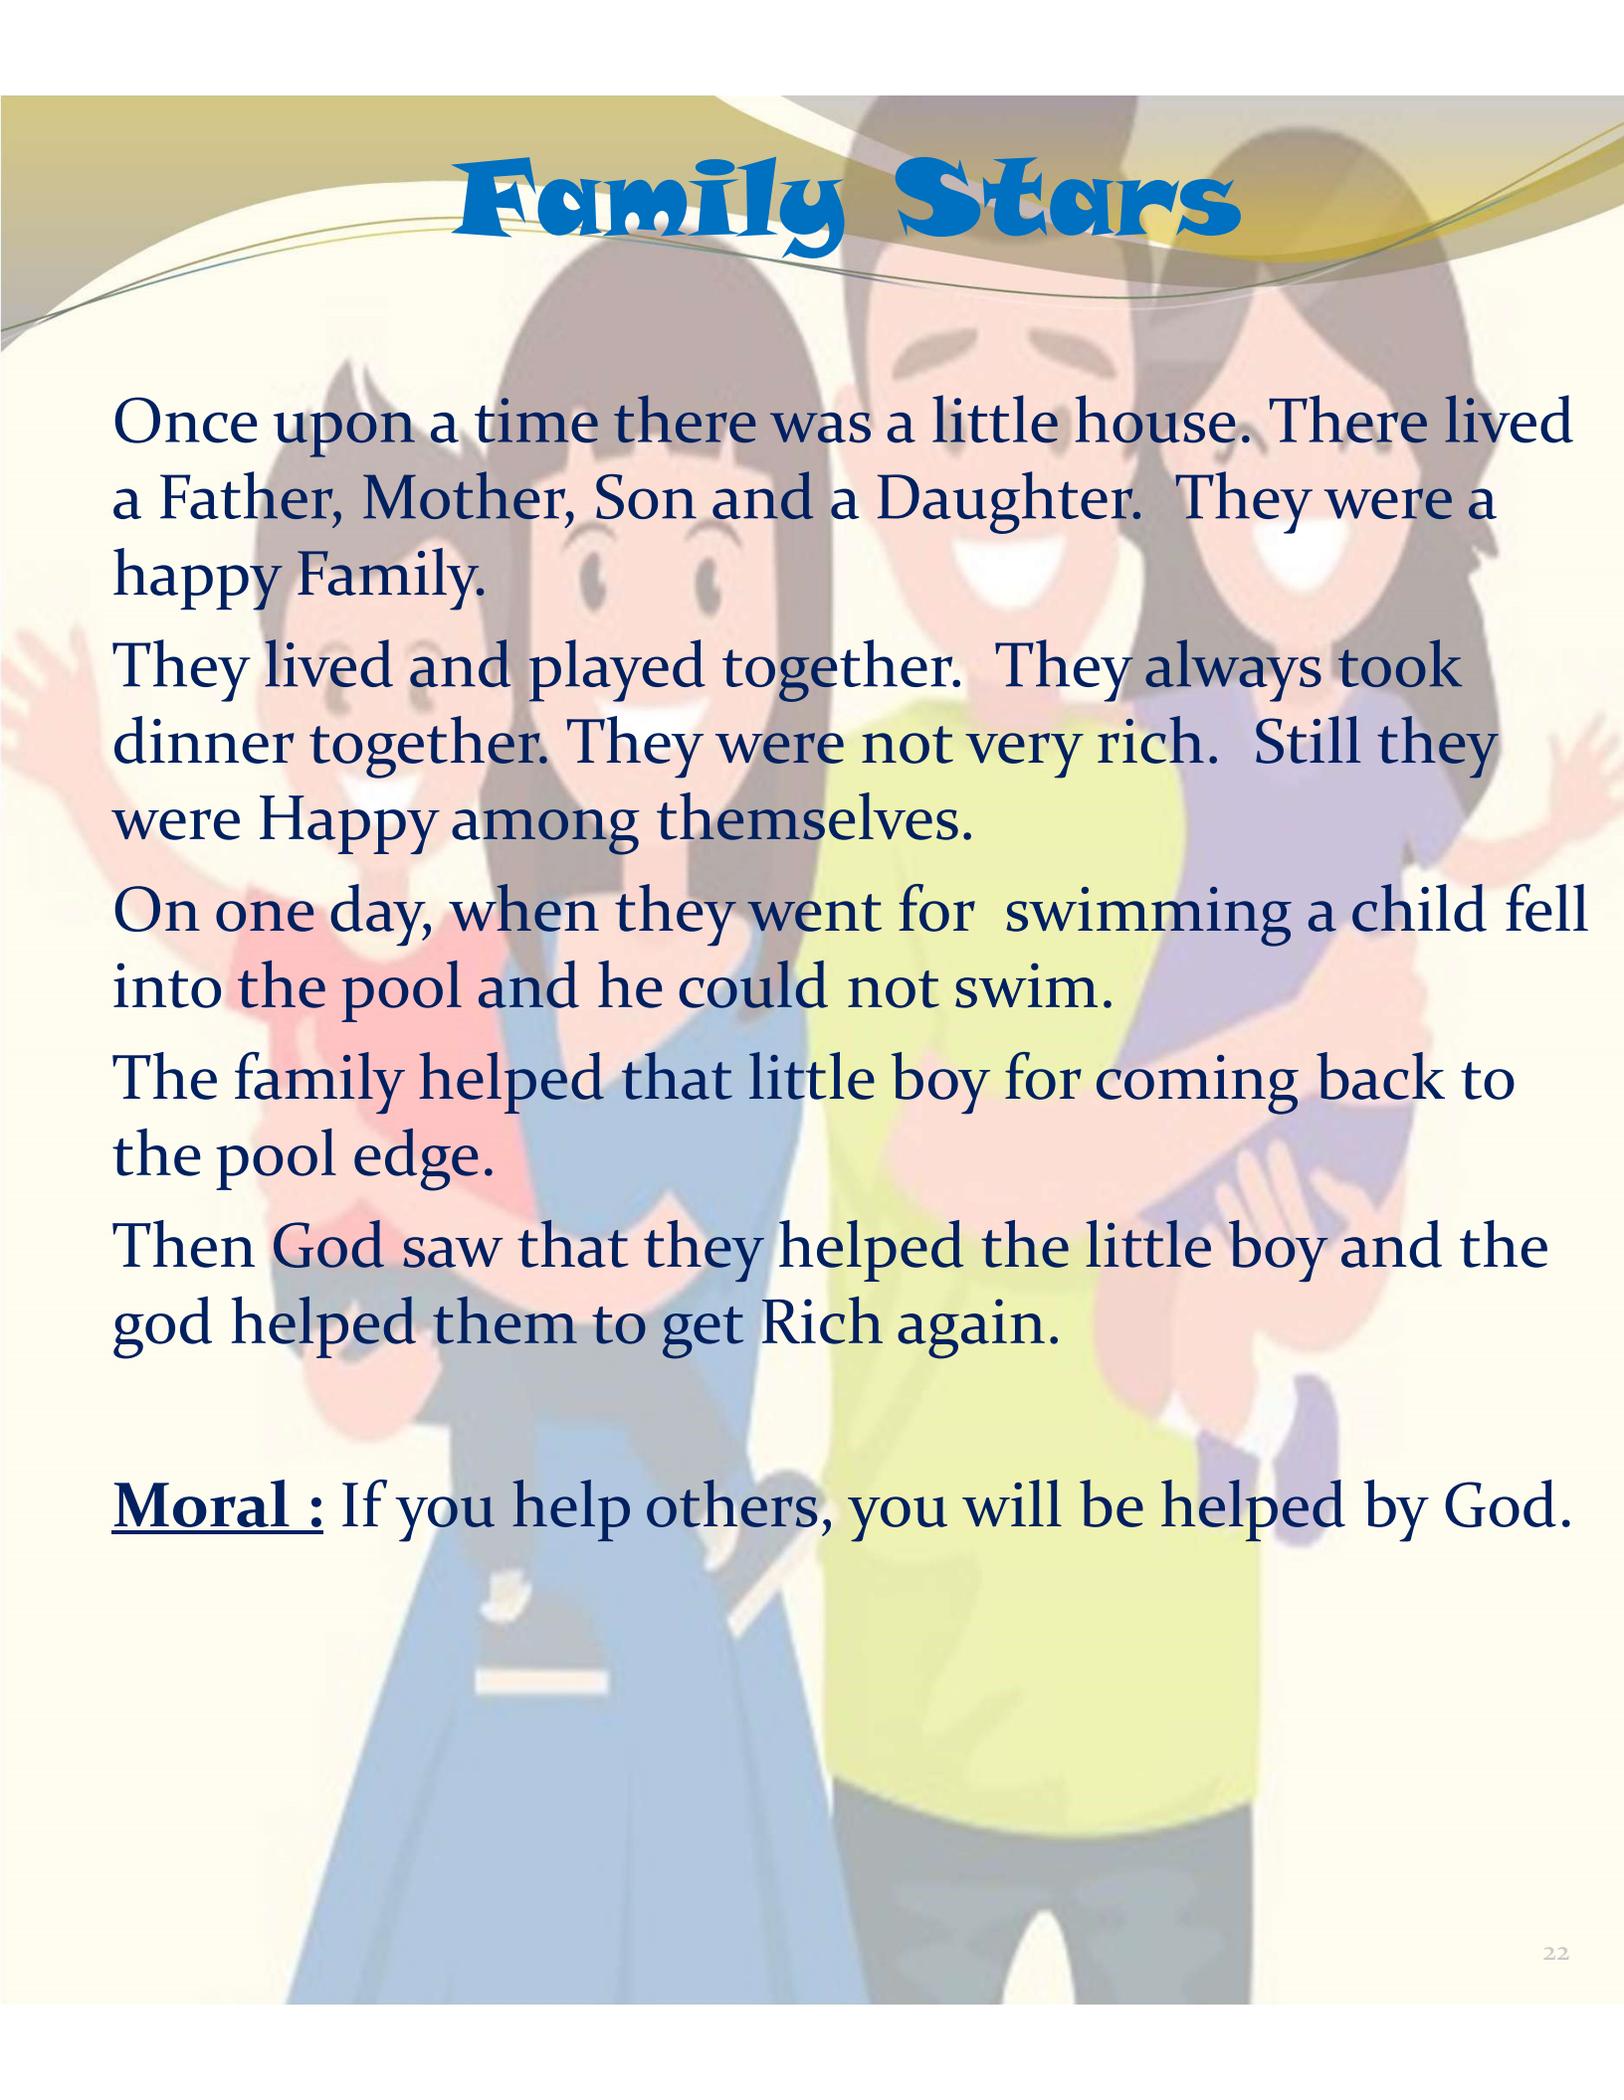

The Rocket was flying, they reached Mars.

They also had a Party there.

After viewing Mars about one Month they came back home and hoped they could go back again to Mars.

The End.

# Family Stars

Once upon a time there was a little house. There lived a Father, Mother, Son and a Daughter. They were a happy Family.

They lived and played together. They always took dinner together. They were not very rich. Still they were Happy among themselves.

On one day, when they went for swimming a child fell into the pool and he could not swim.

The family helped that little boy for coming back to the pool edge.

Then God saw that they helped the little boy and the god helped them to get Rich again.

**Moral** : If you help others, you will be helped by God.

A vibrant, artistic composition of numerous colored pencils of various hues (red, yellow, green, blue, purple, orange, pink, grey) arranged in a radial pattern, pointing towards a central bright white point. The pencils are slightly blurred, creating a sense of depth and movement. Overlaid on this background is the word "ARTICLES" in a large, bold, blue serif font with a white outline and a drop shadow, centered horizontally and vertically.

# Rani Lakshmi Bai

“Mein apni Jhansi nahi dungii !!” were the words spinning in my mind after a great dream of when I was with Rani Lakshmi Bai fighting a battle. When I woke up, I saw my favourite book of Rani Lakshmi Bai in my hands and thought of the dream.

Yes, Rani Lakshmi Bai or Jhansi Ki Rani was the Queen of Jhansi. Along with managing her state, she was also a master in Swordsmanship, Shooting, Horse riding, and much more. I like Rani Lakshmi Bai because she was courageous, kind, and headforward.

Moropant Tambe, an honest man and a courtier of the Peshwa Bajirao, was blessed by a baby girl. At birth she was named Manikarnika, but as time grew she was going to be married at the age of fourteen to Gangadhar Rao, the King of Jhansi. It is a tradition in India that after a girl or woman gets married, they change her name. As doing so the name Manikarnika changes to Lakshmi Bai.

I was totally amazed by seeing Rani Lakshmi Bai's patriotism towards India. I liked her confidence. I learnt from Rani Lakshmi Bai that if you get some work assigned or you go to some competitive exam don't do the work for prize just do it and whenever you do it you should think and do it. When I saw the movie Manikarnika I got goosebumps on me. I wanted to do something like her for the country. Like fighting for our country. Rani Lakshmi Bai was always curious in the library in which she read books of various subjects, stories, biographies and history. Her favourite book was the Harshacharitam. My dream of Rani Lakshmi Bai had a great impact on me about Rani Lakshmi Bai. Rani Lakshmi Bai was the greatest Maratha Warrior of the times.

# My Dream World

Dear all,

After everybody is out of something, they must sit calm and think "I am a better individual of all times. I have a lot of things to learn and gather. I should think about god saying to Noah, 'Noah, the earth is dry. You and the animals can come out now.'" like us, free from all difficulties. That means the dry earth. And we can go and prosper in our lives in a good way. That means Noah and his family and animal friends can come out. We must think positive about our lives in the future." with these thoughts in mind. I will tell you my dream world

"In my world, all the lands and people are good. No fights, no bad things at all.

The people love each other, help each other, care for others and are kind. The people here are very kind to nature. They keep the water clean, healthy and don't pollute it. Now, your first question will be that "what about trash? Where do you all throw it?" in my dream, we use biodegradable plastics, cloth bags and other good for nature stuff. We throw all the plastics and all into huge pits with suction pipes, instead of throwing it all into water as it pollutes it. If you walk into my dream suddenly, your first breath will give you freshness in both the mind and body. As, it was not polluted. Many factories were there, but the factories use good fuel to burn or bake anything. So, the air or smoke which is released, does not harm the air and prevents it from polluting. Not this, not that, or in short, no things that pollute the air. Electric cars will be used more often. As you keep breathing, you will see very much greenery around you. As every day in my dream, people decided to plant at least one tree per day. As this happens, our land and our world were full of trees and everything was glistening.

So this was my share or thought of my dream world.

I hope you liked it!
